#### "Gobi Women's Song," Mongolian Documentary for Higher Education

Set against the background of barren expanses, "Gobi Women's Song" immerses the viewer in a different world. Five 21st century nomadic women share their lives over a four-year period. Their colorful and harsh lives are ultimately about connection--with the past, the environment, community, family, and ultimately, with us. The director, Sas Carey, is available to take this educational documentary on tour to colleges and

universities. She offers a lecture and screening and an opportunity to have her meet with classes on Women's Studies, Anthropology, Complementary Healing, Sustainable Living, Central Asian nomads, and/or Mongolia. To book a screening by e-mail: sas at lifenergyheal dot com.
